**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support competitive providing for broadband connections and very much want to continue using my local provider.

I am opposed to price hikes that will be the result of less competition. Look at what PG&E is doing to us right now in terms of asking for price hikes to pay for the fires here in Sonoma County.

We need more competition, which will give us better service.
